- b) **WAIST:** Measure around the natural waistline.
- c) **HIP:** Measure around the widest part of the hip/ bottom area
- d) **VERTICAL TRUNK:** The vertical trunk measurement is taken by holding the measuring tape on the top of one shoulder, taking it down the front of the body, between the legs, up the back of the body and up to the same point on the same shoulder.

Many active wear garments are designed to be smaller than actual body measurements. Garments are designed to be a tight fit. If you would like a looser fit or room to grow you will need to make your garments at least 1-2 sizes larger. Please measure over any undergarments that will be worn underneath
